## 5 Internal Sources of Resource for your Business

**Growth will require you put effort and resource behind it. To grow your business it needs to be as efficient as you can make it in every department.**

The following module offers a deeper insight into this topic:

### Resourcing Growth

You can find it either in the SavvyAcademy or in the 'Resource Your Opportunity' area of 'Create Your Plan'.

Information you complete as part of the Module will be automatically entered into your Plan. The more modules you complete, the more your Plan will build.

### 1 Your customer base

*Could you better manage customers who waste your time/undermine profitability?*

### 2 Your offering

*Could you change your offering to make it less resource/cash hungry?*

### 3 Your systems

*Could you make your systems more efficient?*

### 4 Your team

*Could you improve overall focus and management to save time?*

### 5 Yourself

*Could you improve your self-management to improve your efficiency?*
